REPORT OF THE SCHOOL BOARD

FOR THE YEAR ENDING FEBRUARY 15, 1898.

To the people of Sullivan:

The school board, in presenting to you their annual report, would acknowledge the hand of God in removing by death one of their number, Mrs. S. M. D. Nims, a lady very much interested in the cause of education. One well qualified to discharge its duties by a superior education, combined with good executive ability. The town has lost a useful person, the school board an efficient member, the teacher a faithful friend, the scholar one ever interested in their welfare and improvement. We have maintained one more school than in the preceeding year, aggregating one hundred and twelve weeks. Number of scholars as enumerated by the enrolling officer, 86. Boys, 41; girls, 45. Number enrolled by teachers, 98. Boys, 50; girls, 48. In school supplies there has been an increased expenditure, owing to the purchasing of new geographies for all of the schools, costing more than the difference in the two years.

School in division No. 1 was taught by Miss Hattie I. Dixon the entire year, who has never been excelled or rarely equaled as a disciplinarian in our schools. A teacher who seemed ever ready to teach the pupils placed under her care, thorough in her instruction, thinking it of more importance for the scholars to understand what they went over than to skim over a large amount and have to learn it at some future time. We think that if she had been supported more by the parents, and others, we might have received a much greater benefit. It must be plain to all that to have a successful school there must be a united effort and working together, of the teacher, scholar and parents with the school board, for the best interests of the school rather than other-

wise. The examination at the close appeared well and showed marked improvement.

School in division No. 2 was under the instruction of Miss Jennie C. Wright of Keene; this was her first experience at teaching; the order was good; she was thorough in her instruction. We pronounce it a good school. There is no doubt but what Miss Wright will be a successful teacher.

School in division No. 3 was under the care of Miss Lizzie L. Jewett through the spring term, who had taught two terms in this school the preceeding year. This school was very satisfactory to all concerned as far as we know.

The fall term was taught by Miss Edith P. Hammond of Sullivan. There was a lack of discipline and system. No school can be very successful without order.

School in division No. 4. The spring term was taught by Miss Eululoo T. White of Marlboro'. The school appeared well when visited, and we should say it was a good school.

The fall term was taught by Miss Susie H. Brooks of this town. This was her first attempt at teaching. We think Miss Brooks has not mistaken her calling. The examination was very interesting. This school was a success.

School in division No. 5 was under the care of Miss Emma I. Bingham of Gilsum, for the year. The right teacher in the right place. This was an interesting school; the scholars were mostly small but made good improvement. Miss Bingham had a faculty of making it pleasant for all. The parents appeared interested in the school and seemed anxious to assist and support the teacher.

In conclusion we would extend our thanks to all who have in any way assisted us in our school work.

GEORGE KINGSBURY,
